MINERAL WEALTH OF CRITTENDEN COUNTY

Would Astonish World If Fluor spar, Lead and Zinc Mines Were Developed.

(Special to Evansville Courier.)

Marion, Ky., Oct. 9.—When the great whistle of the Kentucky Fluorspar company is heard every morning, warning the employees to work, we can imagine we are on the great Mississippi or the Ohio river and that the R. E. Lee, or Evansville's queen of the waters, the "Idlewild," is coming into port. It is a beautifully sounding whistle and carries the man acquainted with the happy, old steamboat time, back to the days of the Lee, Natchez, Emma C. Elliott, Idlewild and other favorites of that never-to-be-forgotten age.

The whistle of the Kentucky Fluorspar company is a great whistle and is on a great well owned by a great company for the purpose of grinding and separating the product of the many great lead, zinc and spar mines of Crittenden county.

This company produces lump, gravel and ground fluorspar. The lump and gravel, after being thoroughly washed, is shipped in the crude state and used principally in the manufacture of open hearth steel as a flux. The better grade of ore, as it comes from the mines goes through their concentrating mill here where, by a system of "Flatz Jigs," all impurities, such as calcite, silicon, etc., are separated from the spar and taken out and the lead, as a valuable product, is saved. The spar is then ground to a fine powder and finds a market all over the United States and is used by makers of high grade glass, enamels, hydrofluoric acid, etc. This hydrofluoric acid is a pungent fuming acid gas, very

corrosive, attacking glass and porcelain and eating its surface. It is very soluble in water, the specific gravity of the solution rising to 1.55. The concentrated aqueous acid becomes weaker on boiling until, when boiling at 120 degrees C (248 F), it attains a constant composition of 36 to 38 per cent of the anhydrous acid. Concentrated hydrofluoric acid is a powerful corrosive, having the peculiar property of hardening the skin or tissue with which it comes in contact and continuing its action underneath the hardened tissue with an extraordinary amount of and persistency of pain.

The team bring the product from the many mines in Crittenden to the several large crushing mills and separators in Marion, where it is washed for shipment in the crude state, owing to its value, or ground and shipped in barrels like flour. Much of the lead ore is 95 percent pure and is washed and shipped from the mines.

For a short period the mineral industry of Crittenden has been on the wane, and for no reason but for the lack of funds to develop the unlimited wealth of the ore left and to devise the cheapest way by which the ore can be marketed. In other words, let the amount of money expended in the development of coal in Union county alone, be judiciously applied in Crittenden county and she would astonish the world with her wealth. The home people, with few exceptions, are never credited with developing the coal or oil lands, and just so it is with the fluorspar industry. The lands of Crittenden are rich with lead, zinc and fluorspar and easily developed, but in most cases inaccessible to the railroad or river. But money and brains could and would soon overcome and make simple this bar to her wealth, and in a few years the state revenues from Crittenden would pass that of any other county.

Fluorspar is found in many States, but in very few instances is it known to exist in paying quantities. The Western Kentucky district is composed of the counties of Crittenden, Caldwell and Livingston, but by far the greater part of the product comes from Crittenden county. Deposits have been found in other nearby counties, but there has been no production of importance. Across the Ohio river in Illinois the counties of Pope and Hardin are large producers. Tennessee has a fluorspar district composed of three counties, Smith, Trousdale and Wilson. There are two small districts in Colorado, one county in Virginia and one county in

deposits of fluorspar, lead and zinc, and the district of which Crittenden county is the center has been since 1896 one of the largest producers of fluorspar in the world. According to a correspondent of the Evansville Courier, writing from Marion, Ky., the work of development is not progressing as rapidly as should be the case. The correspondent writes:

"For a short period the mineral industry of Crittenden has been on the wane, and for reason but for the lack of funds to develop the unlimited wealth of the ore left and to devise the cheapest way by which the ore can be marketed. In other words, let the amount of money expended in the development of coal in Union county alone, be judiciously applied in Crittenden county and she would astonish the world with her wealth. The lands of Crittenden are rich with lead, zinc and fluorspar and easily developed, but in most cases inaccessible to the railroad or river. But money and brains could and would soon overcome and make simple this bar to her wealth, and in a few years the state revenues from Crittenden would pass that of any other county."

Fluorspar is found in many States, but in very few instances is it known to exist in paying quantities. The Western Kentucky district is composed of the counties of Crittenden, Caldwell and Livingston, but by far the greater part of the product comes from Crittenden county. Deposits have been found in other nearby counties, but there has been no production of importance. Across the Ohio river in Illinois the counties of Pope and Hardin are large producers. Tennessee has a fluorspar district composed of three counties, Smith, Trousdale and Wilson. There are two small districts in Colorado, one county in Virginia and one county in

Arizona where it is produced in limited quantities.

There does not seem to be any good reason why the industry should be languishing in Crittenden county. That county probably was the first in the United States to make shipments. Fluorspar is in active demand and brings good prices. It is used all over the United States in the manufacture of high-grade glass and enamel and for a variety of other purposes. It is exported from the Western Kentucky district to Canada and Mexico.

The Kentucky Geological Survey issued an elaborate report on the fluorspar deposits of Kentucky in 1907. This report covered six counties in Western Kentucky, and it was declared therein that the deposits were practically inexhaustible. Lead, zinc and calcspar were found to exist in paying quantities. Deposits also are found in the Central Kentucky counties of Anderson, Bourbon, Boyle, Clark, Henry, Fayette, Franklin, Garrard, Jessamine, Mercer, Owen, Scott and Woodford. They are not so extensive, however, as those in Western Kentucky.

There is manifest opportunity for profitable development of the fluorspar industry in Kentucky. Operations in Crittenden county and elsewhere instead of being on the wane should be of increasing importance.—Courier Journal.

MARION GRADED SCHOOL INTEREST

Pupils Being Rapidly Advanced and With a Deep Interest Manifested by All.

The patrons of the Marion Graded School have a right to be proud of the fact that the school is in the hands of trustees who have shown themselves true to the responsibilities resting on them and that with Prof. King as Superintendent, assisted by Prof. J. M. Hawes and the able corps of lady teachers, the school is flourishing in its every branch. One need to pay but a single visit to this school to discover the efficiency and fitness of every teacher for the place assigned them, all of which reflects much credit on Prof. King and the board of trustees. The pupils seem to be deeply interested and are well up in per cent, which is the best evidence of a high regard for those in authority.

For a few days Prof. King was forced to adjourn school on account of the heating apparatus undergoing repairs. But to-day every thing for the comfort of both teacher and pupil has been provided and the school has again resumed its busy role. So much for the confidence of the patron and efficiency of the teacher.

R. F. Bishop at Home.

R. F. Bishop, who for the past few years has been a resident of California, has returned to Sturgis, Union county, where he yet holds good landed estate as well as town property, and has bought the beautiful W. W. Pierson home on Washington Ave. This is one of the most beautiful homes at Sturgis and too, Mr. Bishop bought it furnished as Mr. Pierson left it. Bob is a good man for old Sturgis to regain. At last there is no place like old Kentucky.

Obituary.

Mrs. Louesa Walker was born Aug. 6, 1866. Died Oct. 12, 1909. Married to W. L. Asher Nov. 19, 1884. To this union was born one son, Marvin, whom we all know. She professed faith in Christ in 1892 and joined the Cumberland Presbyterian church at Weston and lived a consistent Christian. She was married to J. T. Walker Mar. 18, 1907. To this union was born one son, Jewel. She was a loving wife, a kind mother and neighbor and was loved by all her friends and kindred. Funeral services were conducted by Rev. C. T. Oakley.

DEATH, THE GRIM REAPER'S RICH HARVEST.

Number of Prominent Citizens Have Been Called to Their Reward The Past Week.

Miss Emma Wheeler died at her home, about three miles east of town, Thursday night. She was sick only a short while, having a congestive chill, and never rallied from it.

Miss Wheeler was a sister of Mr. R. F. Wheeler and Misses Corda and Timie Wheeler, well known school teachers of the county. She was a woman of great strength of character.

Mrs. Al Easley died Sunday night, after a lingering illness. Before her marriage she was Miss Lucy Woody, daughter of Mr. Alex Woody, of Republic neighborhood, and was noted for her lovable disposition. She is survived by her husband, one son, several brothers and relatives.

After an illness of more than a year's duration, Mrs. Markham Terry passed to the great beyond, Saturday afternoon, October 16, 1909.

Though expecting it, death came as quite a shock to the young husband, who ministered to every wish expressed, and all within human power was done to restore health, but to no avail. Though not afraid to die, she was grieved to leave her eighteen months old baby without a mother's love and care.

Mrs. Terry, before her marriage was Miss Hettie Wiggins, daughter of Mr. and Mrs. J. C. Wiggins, of Livingston county.

The remains were taken to Livingston county, near her old home for burial.

Mr. A. J. Eskew died Sunday night Oct. 17th, 1909, after a two weeks illness.

Deceased was born in Wilson county, Tenn., October 18th, 1842 and moved to this county when quite a young man, locating in the eastern portion of the county where he lived until a few years ago, when he moved to Marion.

Mr. Eskew was a member of the Christian church at this place and was an upright gentleman. He is survived by his wife, who was a Miss Vanhooser before her marriage, one daughter, Mrs. Ed Coleman, and four sons, Oscar John, and Andrew, of this city and Harve, of New Mexico. The interment took place at the Simpson graveyard in Caldwell county, Monday. The funeral services were conducted by Rev. I. W. Talley.

Mr. Press Clark died Saturday, Oct. 16th, 1909, after a lingering illness.

He was born and raised in this country. Mr. Clark possessed many sterling qualities and was loved and honored by all who knew him.

JUDGES NUNN, SETTLE AND LASSING ARE WITHOUT OPPOSITION.

Committees Will Declare Them Regular Nominees in Their Respective Districts.

In three appellate districts of Kentucky three Democratic Judges now sitting on the Court of Appeals bench at Frankfort have been paid the fine compliment of unanimous endorsement by their party. Last midnight was the last opportunity for a Democrat to announce his candidacy for the great and honorable position on the State's highest judicial bench from the First, Second and Sixth Appellate districts, now represented at Frankfort by Judge Thos. J. Nunn, Judge W. E. Settle and Judge John M. Lassing. All of these judges were candidates to suc-

ceed themselves, and when the final hour arrived after which no Democrat could qualify for the race, it was found that none of the three had any opposition in the party.

It is believed by those who are in a position to know that at no time in the past have so many as three Judges for the Court of Appeals had a clear field. That no opposition has developed in the three districts speaks volumes for the popularity of the candidates and the splendid record they have made since they have served in the State's most august court.

This almost unprecedented condition means that in neither of the appellate districts will it be necessary to hold either a convention or a primary to make a nomination, the committee in each district being required only to meet and declare the nomination.

In the First district Henry R. Lawrence, chairman of the Democratic Executive Committee, has called off the primary which was to have been held November 2, and has called his committee for 1 p. m., November 11, at Princeton to declare Judge Nunn the nominee.

VISITED BY CAPITALISTS FROM LOUISVILLE

Stockholders of Commodore Mines Visit Marion Last Sunday

Renewed Interest Now Being Exhibited in Mining Circles. Our Future Bright.

Theo Klarer, A. D. Bowman, E. F. W. Kaiser, F. Holman, F. L. Hudson and H. J. Angermeier, all of Louisville, Ky., and stockholders in the Commodore mine, arrived in Marion Sunday on an early train and immediately took carriages to their mines for all day. They returned to Louisville Monday seemingly well pleased with their visit.

There seems to be renewed interest all round in mining circles and soon we feel that things in old Crittenden will begin to hum.

The gentlemen from Louisville are all capitalists and having reached their positions in the financial world it is evident that they know a good thing when they see it. We are proud to have them as investors of Crittenden property and hope for more like them.

Card of Thanks.

I desire to express my heartfelt thanks to my friends and neighbors who so tenderly and lovingly rendered assistance in the brief illness and subsequent death of my beloved wife. While the light and life of my home has been taken from me, the high recognition given her by her friends and mine has, in a great measure, helped to dispel the clouds and through my tears I can see the sweet spirit waving from the battlements of Heaven to mingle her thanks with mine for their tender care of her and the many precious tokens of love.

Oh, my friends, I thank you over and over again from deep down in my broken heart for all these kindnesses and just how much she appreciated it will only be made known on the day we are all reunited in the land where the sun never goes down.

"THE CASH STORE."

RELIABILITY IS OUR WATCHWORD

The continual growth of this store is one of the conspicuous facts in the history of merchandising in Marion. The cause of this growth is plain to every patron--the satisfaction which attends every purchase, the customers, the trustworthiness of the merchandise, the correctness of the styles, the efficient service and the always lowest prices, all combining to make this store the logical supply center for household and apparel needs.

We want you to prove the helpfulness of our store by what it does and not by what it says. "Doing" is the great thing--there is nothing plainer than that. And therein lies the reason why we bend all strength and energy to give you values that shall prove so truly helpful you will wish to come again.

CUMBERLAND TAKES OVER PROPERTY

Of Morganfield Telephone Co. And
Will Rebuild Exchange as Soon
as The Work Can be Done.

At a meeting of the city council Friday night the changes in the ordinance regulating telephone companies asked by the Cumberland Telephone Company, were made. About the only change made was in the rate that may be charged for phones beyond a certain distance from the exchange.

With the passage of this ordinance, the property belonging to the Morganfield Telephone & Telegraph Co., passes over to the Cumberland Telephone Company and from now on the exchange in Morganfield will be operated by that company.

J. C. Summers, superintendent of this division of the Cumberland, was present and after the meeting stated that a man would be sent here at once to make out specifications for rebuilding the exchange. He is expected here today or tomorrow.

The exchange will be rebuilt entirely and when completed will be the most modern to be found in any city the size of Morganfield in the state. As soon as possible a crew will be put to work rebuilding the exchange. It will take three or four months to complete the work. The company hopes to have the new exchange in operation by the first of January.

The lines in the city will be rebuilt first and if the weather gets too bad to go ahead with the work the country lines will not be rebuilt until spring.

As soon as the ordinance was passed free county service was resumed and now we are permitted to talk to any point in the county without

the increased rates demanded by the new exchange will not go into effect until the exchange has been rebuilt.

Macayor Thewell says Morganfield will have perfect telephone service after the contemplated improvements are made and a strictly modern exchange.

Death of Kearney W. Franklin.

On the 31st of July, Kearney W. Franklin, aged four years, nine months and twenty-five days, the light of his parents' home, was called away.

He was the son of Mr. and Mrs. Carson Franklin. His death came Saturday, July 31st, near noon. On the Sunday preceding he did not seem quite well, but was anxious to go to the home of his mother's parents. Before the day was gone he became quite sick. He was brought home and medical aid was called at once.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

WARNING TO THE TEMPERANCE VOTERS.

The Temperance Forces Should be
Careful in The Selection
of The Next Speaker.

The liquor people have had a big priced man in the constituencies for the last fifteen months to secure the nomination of men favorable to their traffic. Some of the resultant nominations have been so outrageous that the decent people are up in arms. We suggest that in all Senatorial and Legislative districts the temperance forces narrowly scan the character of the nominees on both tickets. The election of the Legislature starts with the people and not with a class of brewers and distillers.

The latest move that has come to our knowledge is to secure as speaker of the Lower House a man who will let the liquor people dictate the make-up of the Committee on Public Morals. They think to defeat the will of the electorate by this means. Whatever may be the outcome of the election, the issue for November 2nd is: shall the majority, the 350,000 Christian temperance voters rule, or shall the whisky ring? This is to warn the people of the State of the mischief afoot. Publicity is the best policeman.

Quaker Oats

In an article published in the Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building—

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence (youth), and that is oatmeal.

In conclusion he says—

"It seems probable therefore that the bulk and brawniness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oatmeals.

**"Once In Grace Always In
Grace" Gets a Black Eye.**

Editor Record-Press—Will you find space in your valuable paper to publish this article on "falling from grace"? I believe many people are going to hell with the words "once in grace always in grace" on their lips.

Kept—*"Thou wilt keep him in perfect peace, whose mind is staid on thee, because he trusteth in thee."* (Isaiah 26:3). Be careful for nothing, but in everything by prayer and supplication with thanksgiving let your requests be made known to God. And the peace of God, which passeth understanding, shall keep your hearts and minds through Christ Jesus. (Phil. 4:7).

These and many other passages of scripture show us plainly that we who have been saved from sin may be kept completely. They show us that it is needless for any who have been born again and saved in the blood of the lamb to fall away and lose his soul. I will say, "But unto the Jews who believed, God gave the spirit; but unto the Jews who did not believe he gave them a spirit of unbelief, that they should not believe in him." (John 14:19). The next scripture also expresses the same thoughts exactly in different language. "Be careful for nothing." That is, commanding ourselves and everything to the keeping of the Lord—trusting in him. This is done in prayer and supplication and thanksgiving. No scripture says that God will keep us unconditionally. We have our part to do in getting saved and we have our part to do in keeping saved. Any thoughtful person will admit that. According to the Bible it is true.

Some things we must do to be

saved. *"If thou wilt enter into life, keep the commandments."* (Matt. 19:17). *"Blessed are they that hear the word of God and keep it."* (Luke 11:28). *"Keep thyself pure."* (1 Tim. 5:22). *"Keep yourselves in the love of God."* (1 John 2:1).

Possibility of falling and being lost. *"But I keep under my body, and bring it into subjection, lest that by any means, when I have preached to others, I myself should be castaway."* (1 Cor. 9:27).

If it were impossible for a child of God to fall away and be lost, why did Paul write this? Paul says in Phil. 3:3 that the children of God have no confidence in the flesh. We must keep self out of sight, and constantly trust in the merits of Christ if we keep saved. Many who get saved do not do this, so they do not keep saved. *"Wherefore let him that thinketh he standeth take heed lest he fall."* (1 Cor. 10:12). *"Safes on the rock are they which, when they bear receive the word with joy, and these have no roots; where for a while believe god in the hour of temptation; but in the hour of temptation God strikes them."* (Luke 8:13).

We can know that this is a clear case of falling from grace. We have to do these things.

It is written in the Bible where it is told to me. *"Samuel said to Saul, 'And the spirit of the Lord will come upon thee, and then shalt thou prophesy with them, and shalt be turned into another man.'* And it was so, that when he had turned his back to go from Samuel, God gave him another heart. (1 Sam. 10:6, 9).

Where can we find a clearer case of any man's salvation? The 15th chapter of 1 Sam. tells of Saul's disobedience and sin. The 15th chapter tells how he envies David. The 16th chapter tells how he sought to kill David. The 1st chapter

tells of his wretched death in sin with out the fear of God.

Judas certainly fell from grace. A damning doctrine.—The doctrine of living in sin yet trusting in the merits of Christ to keep saved is a delusion of the devil. Some say, "Yes' we sin all the time, but we just trust the merits of Christ that these sins be not laid to our charge." So away they go, perfectly willing to do many things that they know are sinful. They claim that they are trusting Christ's merits to save them from the guilt but not the power of these sins. Foolishness! *"He that saith, 'I know him,' and keepeth not his commandments, is a liar, and the truth is not in him."* (John 2:4). We must forsake sin as well as trust in Christ.

Impossible to become unborn.—Some one—a St. Louis theologian—has said that it is impossible for him who is born into this world to become unborn, and likewise he who is born of the spirit can not become unborn. This is true. But death is abroad in the land, and only the living—those having been born—can die. So likewise he who is born of the spirit is subject to spiritual death, and must die spiritually if he dares to sin against his Redeemer. If he returns to his sins the fact remains. He was born again. Yet he died.

Red Letter Day For Tolu.

Last Sunday morning near the noon hour, Bro. E. F. Smith, the former cashier of Tolu Bank, was surprised almost out of his wits to witness the large concourse of people marching towards his residence in South Tolu laden with baskets, buckets and dish pans filled with the finest assortment of eatables that was ever spread before an audience. The sequel to this is Bro. Smith had proved himself to be an efficient and faithful Sunday School teacher and his loyalty to his work both as a teacher and banker commanded him to the favor of all who knew him best. Just before the above named scene, he tendered his resignation as teacher of the Presbyterian Sunday School and after some jiving remarks made by others. Superintendent, Kit Shepherd, in an appropriate manner, presented him with a nice set of cuff buttons. With a heart full of gratitude, he very tenderly responded. He left the church with the hearty will, wishes and their prayers, for his success in other fields of usefulness somewhere.

The following are the heads of families that prepared the feast and were present on this occasion:—Dr. Lowry and family, Dr. Moore and family, Joe Brown and family, Kit Shepherd and family, Dave Mantz and family, L. E. Guess and family, Taylor Guess and family, Burnett Moore and family, Hugh Bennett's family, Walla E. Bennett's family, Forest Harris and family, Buckner Croft and family, Ed Dowell and family, last but not least, of the Tolu people, was Bro. J. F. Jones whose name may appear later on.

Some days ago some one of the Tolu ladies enchanted to be Marion broke the secret of this occasion to Mrs. A. J. Bennett, so she, with her good husband, Judson, together with Mrs. A. S. Cavender and Miss Tracy constituting a good part of the company, sure they did, and before I forgot your very important scribe was there, Dr. F.

After all had gathered around this sumptuous repast, Mrs. Clara Brown nominated Bro. A. J. Bennett as master of ceremonies. At this juncture he proceeded to invoke God's blessings upon the eaters and eatables. After an undivided interest for at least an hour, Bro. Smith proceeded to take registration and not one person in the company who had reached school age was unable to sign their own name almost from little Tom Lowry to big Bro. Jones. The crowd numbered forty-eight and Bro. Jones made the fifty. To say that it was a delightful occasion does not meet the demand, it will be a day long remembered by all that were present. We would not forget that this was Bro. Smith's birthday. I would like to have a thousand like it and so would Bro. Jones.

Well I forgot about the spoon and so forth presented by Mr. Bennett and wife. Yours for some more,

R. M. FRASER.

Bro. King Defends his Doctrine From The Attacks of Billy Joel.

I see in your paper that I have been assailed by Bro. Hill. He says he does not write his article in the spirit of controversy, yet, in a very controversial manner, he says the doctrine of "once in grace always in grace" is unsound theology and is not taught in the Bible. Now, Bro. Hill, we will see if the doctrine is taught in the Scriptures. The Bible is literally full of positive assertions that the truly regenerated soul will he read Rom. 5:10 for if, when we were envious we were reconciled to God by the death of his son, much more being reconciled, we shall be saved by his life.

See, Tim. 2:19 nevertheless the foundation of God standeth sure, having this seal, the Lord knoweth them that are his. John 3:15 that

who soever believeth on him shall not perish, but have eternal life; John 3:16 For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life; John 5:24, Verily, verily, I say unto you, he that heareth my words, and believeth in him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death to life; Psalm 37:28, For the Lord loveth judgement, and hateth iniquity, and hateth the proud, but he loves the lowly; John 3:17, For God sent not his saints into the world to be overcome; but that they should overcome the world; John 3:18, He that overcometh, the same shall be clothed with white raiment; John 3:19, Wherefore let us not quench the Spirit, neither despise prophecies; 1 Cor. 14:37, If any man speak two words, he shall be called unlearned and foolish; 1 Cor. 14:38, Let the Prophets speak two or three, and let the others judge; 1 Cor. 14:39, If there come a prophet after me, and shall say, 'I will speak in the name of the Lord,' he is not of me; 1 Cor. 14:40, If there come a prophet after me, and shall say, 'I will speak in the name of the Lord,' he is not of me; 1 Cor. 14:41, If there come a prophet after me, and shall say, 'I will speak in the name of the Lord,' he is not of me; 1 Cor. 14:42, If there come a prophet after me, and shall say, 'I will speak in the name of the Lord,' he is not of me; 1 Cor. 14:43, If there come a prophet after me, and shall say, 'I will speak in the name of the Lord,' he is not of me; CONFIDENCE SHOWN BY SUBSCRIBERS

Citizens' National Life Insurance Company Launched Under Auspicious Skies

Nearly every county in Kentucky is represented among the stockholders, and the incorporators of the Citizens' National Life Insurance Company which filed articles of incorporation yesterday in the office of the County Clerk, with the subscription to the capital sum of more than \$1,500,000, and authorized capital stock of \$1,000,000 and a provision for the issue of \$4,000,000 additional stock. The name of the company which shows that 100 persons will be employed will be at some point in Jefferson county, outside of the limits of a city limits, because of the excessive tax rate imposed on such corporations by the city administration.

Within a short time it is expected that the present Citizens' Life Insurance Company will be merged with the new corporation. Many of the subscribers to the stock of the Citizens' National Life Insurance Company are prominently identified with the Citizens' Life Insurance Company and, since their interests are identical, there is every reason to believe that the combination will be effected within a short time. The company will be ready to write insurance, undertake annuities and similar business as soon as its certificate is issued by State Insurance Commissioner C. W. Bell.

In the articles of incorporation the purpose of the association is stated as follows:

"It proposes to transact the business of making insurance upon the lives of individuals and against accidents to persons and to every form of insurance appertaining to or connected with life or accident insurance, and of granting, purchasing and disposing of annuities and endowments. It shall have the power to reinsurance other companies and their risks in whole or in part."

In addition to the fact that the owners of the capital stock of the

new institution are, and will be, mainly Kentuckians and that while it will be amply as strong as any of the other life insurance companies, the ownership and the distribution of profits, instead of being among a few men of great wealth, it will be among hundreds of the common people. The par value of the stock is \$10 a share, placing it within the reach of every investor and furnishing a safe and reliable repository for savings with more than the average return.

Among the founders of the company are such well known men as W. H. Gregory, Helm Bruce, Charles D. Pearson, L. W. Key, J. W. Lam, R. H. Gregory, George Babcock, John S. Frazier, James W. Thacker, George F. Fetter, W. C. Kendrick, George D. Burdett, J. W. Pease, Augustus C. Hause, C. C. Osley, H. Z. Churchill, W. H. West, J. F. Holland, H. F. Moore, Edwin W. Allen, Sizer Smith, J. Pease, W. H. Roberts, W. S. Pease, W. M. Moore, J. J. Garrett, F. M. Fisher, J. W. Koontz, J. Whit Pease, Geo. Alexander, J. E. Jarratt, J. R. Jarrett, S. S. Fauquier, W. H. Albrecht, C. C. Wyatt, V. J. Blow, Bush W. Allen, L. W. Mason, W. S. Mason, George P. Kendrick, J. W. Wideman, Hubert Vreeland, William Witherspoon, A. T. Siller, Louis Marshall, Dr. W. Ed. Gross, Dr. T. H. Stocky, J. W. Friston, Paul B. Collins, J. N. Camder, Peter Zaam, Geo. Jobs, B. Castleman, E. T. Kirk, Jas. N. Kirk, J. M. Fetter, Harry L. Wood, W. H. Peck, Huddie Gregory, W. D. Blackwell, C. E. Craik, Charles G. Elliott and W. T. Tandy.

Musical Club Met.

The Musical Club was delightfully entertained on Saturday afternoon by Mrs. W. V. Hayes. The meetings having been suspended during the summer months, the Club was re-organized. The first, and a very interesting part of the program, was Mrs. Jeck's report of the "Federation of Clubs." The latter part of the afternoon was spent in the study of Frederick Chopin, and his beautiful Polonaise was rendered by Mrs. S.

The meeting proved to be a very interesting one and all the members seemed to be very enthusiastic.

The house was beautifully decorated in pink and cream roses and carnations.

Delightful refreshments of cream and cake were served and carried out the color scheme.

Besides the members of the Club the following visitors were present Mrs. G. S. Taylor, Mrs. T. C. Bassett of Maysville, Okla., Miss Almeda Hedges of Sturgis, and Mrs. Nellie Williams of Frankfort.

The next meeting of the Club will be with Mrs. Lora Clark the 13th of November.

Mrs. J. I. Clement Entertains.

Mrs. J. I. Clement delightfully entertained on Friday evening as host of Miss Almeda Hedges of Sturgis.

Music was rendered during the evening and contests proved to be a very enjoyable feature.

Elegant refreshments were served in two courses, consisting of a salad course, Spanish cream, cake, salted nuts and bonbons.

The evening was very much enjoyed by the following—Misses Lucile Nunn, Isa Price, Eva Clement, Allie Mae Yates, Maria Clement, and Almeda Hedges, Messrs. Bruce Babb, Macie Boston, Clarence Franks, Ralph Davidson, of Corydon and Archie Davidson, of Muskogee, Okla.

Mrs. Clement proved indeed a very charming hostess.

Lawson-Boore.

Probably one of the prettiest home weddings, occurring for some time, was that on Monday afternoon, Oct. 11th, 1909, of Mr. George Thomas Lawson and Miss Sarah Grace Moore at the home of the bride's mother, Mrs. Margaret Moore, on West Depot street.

Promptly at 2 o'clock, the popular couple marched into the broad parlors, their steps being in unison with the wedding march rendered by one of the bride's beautiful and accomplished classmates, Miss Lucile

Nunn.

The only attendants were Mr. Jas. McCabe, a very close friend of the groom and Miss Eva Clement, a cousin of the bride. The bride was certainly a picture of beauty and looked most becoming in a princess dress of pale blue muslin and pink lace.

She carried a cluster bouquet of bride's roses. The groom was attired in the conventional tux, the two presenting a most happy picture. They face the Rev. M. H. Miller who is a beautifully impressive ceremony pronounced them man and wife all of which was a present of a few dear relatives and friends.

The bride was the recipient of a bouquet.

at Elkhorn, was in town Saturday
and while here renewed his subscrip-
tion to the Record-Press.

W. T. Manley, of Tribune, was in
town Monday and while here, called

Henry Thomason and family re-
turned from Washington, where
they have been making their home
for several years.

J. Mc Murry, one of our popular
business men, spent Saturday night
and Sunday with W. L. Adams and
family, of the county.

Miss Eleta Alvis, of Salem, left
Thursday for Hammond, Okla., to
spend the winter with her sister,
Mrs. Leo Dorroh.

Mrs. N. J. Bishop, of Crayne,
was in the city Saturday.

Miss Clara Crawford was the city
Friday enroute to Tolu from Louis-
ville.

Mr. and Mrs. Fred Hill left Wed-
nesday for Colorado to spend several
months. They have gone for Mrs.
Hill's health. Mrs. Hill was formerly
Miss Mattie Perry.

about eight months old. Information
as to her whereabouts will be appre-
ciated.—Will Brown. 261tp

Miss Florence Mae Hurst, of
Sturgis, spent a few days last week
with Mabel Minner.

A. M. Duval, of Tribune, while
in town Monday, called at our office
and left a dollar for the Record-
Press for twelve months. We found
Mr. Duval a clever and very pleasant
gentleman and a friend to our paper.

Mrs. P. C. Stephens, who has
been the guest of her son, J. W.
Dulaney, of Morley, Mo., returned
home, Friday.

Prof. J. P. King Leads League.

Prof. King made a splendid talk

as leader of the Epworth League on

last Sunday night at the Methodist

church. There was an unusually

large attendance out to hear him.

HIGH GRADE ENTER- MENT

The "Singin Skule Begainment" at Grad-
ed School Auditorium Tuesday
Night.

The "Singin Skule Begainment," given under
the auspices of Ladies Missionary Society of the
Methodist Church, at the Graded School Auditorium
Tuesday night, was greeted with a full and
well satisfied house.

With the exception of Prof. Parker, home talent
composed the entire cast of characters, and in the
make-up of the fifty young and middle aged people
there were a number of exceptionally fine charac-
ters hard to beat any where.

The entertainment netted about \$7.00.

Better Not Get Dyspepsia

If you can help it, Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have lived with Indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to Indigestion. Stomach derangement follows stomach abuse, just as naturally as just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only

CRAYNE

At the time of the 1860 census, Crayne was a small village with a population of 100. It was located on the Kentucky River, about 10 miles from Marion. The village was situated on a low, flat, sandy soil, which was good for agriculture. The Kentucky River provided a natural water source for the village. The village had a post office, a general store, and a few houses. The people in Crayne were mostly farmers and their families. They grew crops like corn, wheat, and tobacco. They also raised cattle and horses. The village was a quiet, peaceful place, with a sense of community.

During the Civil War, Crayne was a safe haven for Union soldiers. They used the village as a supply point for their troops. The soldiers were well received by the people in Crayne, who provided them with food and shelter. The village became a important part of the Union's supply line.

After the Civil War, Crayne continued to grow. The population increased to about 200 by 1880. The village had a school, a church, and a few more houses. The people in Crayne were mostly farmers and their families. They grew crops like corn, wheat, and tobacco. They also raised cattle and horses. The village was a quiet, peaceful place, with a sense of community.

During the Great Depression, Crayne faced many challenges. The economy was poor, and many people lost their jobs. The village had to rely on its own resources to survive. The people in Crayne worked hard to support their families. They grew crops like corn, wheat, and tobacco. They also raised cattle and horses. The village was a quiet, peaceful place, with a sense of community.

Today, Crayne is a small town with a population of about 150. It is a quiet, peaceful place, with a sense of community. The people in Crayne are mostly farmers and their families. They grow crops like corn, wheat, and tobacco. They also raise cattle and horses. The village is a important part of the surrounding area.

James Fowler and family were visiting in Marion Sunday. Farmers are gathering corn in this precinct and it is turning out well.

W. M. Clark of the Oak Grove section, was out to see Mrs. Carrie Mercer Sunday.

The meeting at Crayne is progressing fine. Good preaching and large congregations. Brothers Thompson and Price are conducting the services.

An aching back is instantly relieved by the application of Sloan's Liniment.

This liniment does the place of liniment and a better and safer liniment. It penetrates — without rubbing — through the skin and muscle tissue right to the bone. Once the blood vein is opened and gives permission to vital tissue to recuperate.
